

Tenth International Congress on Peer Review and Scientific Publication

Sept 3-5, 2025 | Swissôtel | Chicago, IL

Sponsor and Exhibitor Prospectus

Support the Peer Review Congress and Enhance the Quality and Credibility of Science

This Congress, organized by *JAMA*, *The BMJ*, and METRICS, will feature 3 days of presentations of new and original research.

Our aim is to encourage research into the quality and credibility of peer review and scientific publication, to establish the evidence base on which scientists can improve the conduct, reporting, and dissemination of scientific research.

At this time, we are planning for a 3-day in-person and simultaneous virtual meeting with in-person and virtual exhibit opportunities. Information in this prospectus is subject to change.

The Ninth Congress in 2022 attracted over 500 attendees from over 30 countries, including editors and publishers of the most influential medical and scientific journals, researchers, funders, information specialists, librarians, and journalists.
